If the Supply Period is not so renewed the Agreement shall continue in accordance with Clause 4.6.

4.2 Either party may terminate the Supply Period at any time upon written notice to the other if the other party commits a material breach of any term of this Agreement (for the avoidance of doubt non-payment of any fees as they fall due under this Agreement by the Licensee shall constitute a material breach). The termination will become effective thirty days after receipt of written notice

unless, in the case of a remediable breach, during the relevant period of thirty days the defaulting party has remedied the breach.

4.3 Licensors may terminate the Supply Period at any time upon thirty days' written notice to the Licensee.

4.4 If termination of the Supply Period occurs as a result of notice being given by the Licensee under Clause 4.2, 4.5 or 10.2 or by the Licensor under Clause 4.3 or 10.2 the Licensor shall repay the Licensee a pro-ratable proportion of the Licence Fee as represents the paid for but unexpired Supply Period at the date of termination.

4.5 Either party may terminate the Supply Period forthwith on notice in writing to the other if the other party is unable to pay its debts or ceases or threatens to cease to carry on business, goes into administration, receivership or administrative receivership, or any event analogous to any of the foregoing occurs in any jurisdiction.

(a) Section A, B and D of the Schedule SUBJECT ALWAYS to the Licensee's continued compliance with the terms of this Agreement and payment of such reasonable annual access fee as Licensor may from time to time charge (or such alternative supply arrangement terms and costs as the parties may agree); and

(b) Section C of the Schedule SUBJECT ALWAYS to the Licensee's continued compliance with the terms of this Agreement and payment of such reasonable annual access fee as Licensor may from time to time charge (or such alternative supply arrangement terms and costs as the parties may agree); PROVIDED THAT due to rights restrictions: (i) only editions and other material published after the Commencement Date up to the date of termination (including non-renewal) of the Supply Period will be accessible (the "C Content") and (ii) it may only be possible to allow access via

the Network on the same basis as set out at (a) above for a limited period. The Licensor shall, after the end of such limited period and provided that it has the rights to do so, deliver the C Content in a physical storage media (the "Media") to the Licensee SUBJECT ALWAYS to the Licensee's compliance with the terms of any additional licence terms notified to the Licensee on delivery of the Media (the "Media Licence") that are appropriate for such physical media (for the avoidance of doubt, in respect of the use of the Media by the Licensee the terms of the Media Licence shall prevail over the terms of this Agreement if there is a conflict or other inconsistency) and payment of such reasonable supply fee as Licensor may from time to time charge to cover its handling costs (or such alternative supply arrangement terms and costs as the parties may agree).

(the "**Post Supply Licence**").

4.7 Without prejudice to any other rights the Licensor may have, the Licensor may suspend the provision of the Licensed Material to any Member with immediate effect on written notice without liability if the Licensor believes the Licensed Material is being used by such Member or such Member's Authorized Users in a manner that contravenes the provisions of this Agreement or the Media Licence or in the event of delay or failure to pay in accordance with clause 5.

4.8 The Licensor may terminate this Agreement (including the Post Supply Licence) at any time upon written notice to the Licensee if the Licensee commits a breach of any term of this Agreement or the Media Licence. The termination will become effective thirty days after receipt of written notice unless, in the case of a remediable default, during the relevant period of thirty days the Licensee has remedied the default.

4.9 On termination of the Supply Period as a result of notice being given by the Licensor under Clause 4.2 or 4.5 or on termination of the Post Supply Licence as a result of notice being given by the Licensor under Clause 4.8, the Licensee shall have no further rights of any kind in the Licensed Material and the Licensee agrees to destroy and use its best endeavours to procure that all Authorized Users destroy, all Licensed Material stored on its Network or in CD-Rom or other hard copy form both on paper and in any digital information storage media or other physical media storage, including, but not limited to, system servers, hard disks, diskettes, and back up tapes.

4.10 When calculating the reasonable annual access fee payable by the Licensee pursuant to clause 4.6 the Licensor shall be entitled to increase such fee on an annual basis including but not limited to reflect any increase in the number of Chargeable Users, any change in the business of the Licensee or any increase in supply or other costs incurred by the Licensor.

5. LICENCE FEE

5.1 The Licensee agrees to pay to the Licensor the Licence Fee and any other payments under this Agreement within 30 days of the date of invoice.

6. NATURE AND JOURNALS LICENCE FEE (NOT APPLICABLE TO NEWS)

6.1 Where the Licensed Material includes **Nature** and/or **Journals** elements the Licence Fee is calculated on the basis of Chargeable Users. The Licensee warrants that each Member's Chargeable Users during the 12 months prior to the Commencement Date did not exceed the number of Chargeable Users for the respective Member as stated in the Schedule in respect of **Nature** and/or **Journals**.

6.2 The Licence Fee is assessed on the number of the Members' Chargeable Users during the 12 month period prior to the Commencement Date for the initial 12 month period of the Supply Period and for each 12 month period prior to any subsequent 12 month extensions agreed to by the Licensor. The Licensee must immediately notify the Licensor if at any time the actual number of any Member's Chargeable Users exceeds the number of Chargeable Users stated in the Schedule. The Licensee acknowledges that in the event that such number of Member's Chargeable Users increases during the initial 12 month period of the Supply Period or in any subsequent 12 month extension period agreed to by the Licensor the Licence Fee will be increased in accordance with the Licensee's then applicable charges for any subsequent 12 month extension period agreed to by the Licensor.

However, in the event of continuing abuse the Licensor shall be entitled to terminate this Agreement.

7.5 The Licensor shall be entitled to monitor the use of the Licensed Material through the Licensor's servers, or as the case may be any service provided by an agent on its behalf, so as to monitor compliance with this Agreement.

8.2 The Licensor shall indemnify the Licensee for the amount of any award of damages against the Licensee by a court of competent jurisdiction as a result of any claim arising from a breach of the warranty in Clause 8.1 provided that the Licensee must inform the Licensor immediately upon becoming aware of any claim, not attempt to compromise or settle the claim and give reasonable assistance to the Licensor who shall be entitled to assume sole conduct of any defence and shall have the right at its option:
