

# IEEE Draft Standards Online

IEEE *Xplore*<sup>®</sup> Digital Library Add-On Subscription Option

## Add IEEE Draft Standards to your IEL subscription— and get an edge on the competition

With easily searchable access via IEEE *Xplore*, immediate updates, and automatic alerts, **IEEE Draft Standards Online will maximize research and development and provide your organization with the competitive advantage it needs.**

By adding IEEE Draft Standards, your organization can see a standard before it is published to help facilitate early compliance and implementation. Gain an early understanding of standards under development and get advanced insight into solutions and practices being proposed.

## IEEE Draft Standards delivers key benefits for your research team:

- Access the full text of all IEEE Draft Standards
- Increased productivity by having all your standards in one place
- Real-time updates to the most vital standards in your industry
- Trace the evolution of a standard with archive of 3,600 drafts

## For a complete listing of all IEEE Draft Standards in IEEE *Xplore*:

- Go to [www.ieee.org/ieeexplore](http://www.ieee.org/ieeexplore)
- Perform a search
- Refine your search by content type "standards"
- Further refine by "standard status"
- Lastly, refine by standard modifier

## IEEE Draft Standards Quick Facts

Add IEEE Draft Standards to your IEL subscription\* and get the information you need:

**Unapproved Drafts**—a combination of revisions of previous standards and brand new ideas that are still in the standards development process

**Approved Drafts awaiting standard publication** (it usually takes 3 to 6 months for approved standards to be published)

**Approved and Archived Standards** that have been superseded by a published standard provide the complete history of a standard's evolution

**For a custom quote, contact an IEEE Sales Representative.**
